

STN Easy[®]

for Intranets

Customized Searching
From Your Intranet!

STN Easy for Intranets provides customized searching from your intranet! It allows the information professional, designated as the Site Administrator, to create a customized STN Easy experience that blends with an organization's corporate intranet.

Site Administrator benefits

With STN Easy for Intranets, the Site Administrator can:

- ▶ Design the look and feel of the STN Easy experience for end-users
- ▶ Maintain who has access to STN Easy for Intranets
- ▶ Define the databases to which researchers have access
- ▶ Set standardized preferences for end-users
- ▶ Decide whether or not researchers can access linked data and eScience[®] via the Web
- ▶ Track the amount of money that is spent on searching, by charge-back-code
- ▶ Provide Alerts (SDIs) results to end-users

STN Easy for Intranets – easy to set up and low maintenance:

- ▶ No programming, IT support, or HTML knowledge is needed
- ▶ No software needs to be installed
- ▶ The easy to use STN Easy for Intranets Setup Assistant helps you design your STN Easy for Intranets web page
- ▶ Superior Customer Service and Frequently Asked Questions are available

End-user benefits

STN Easy for Intranets:

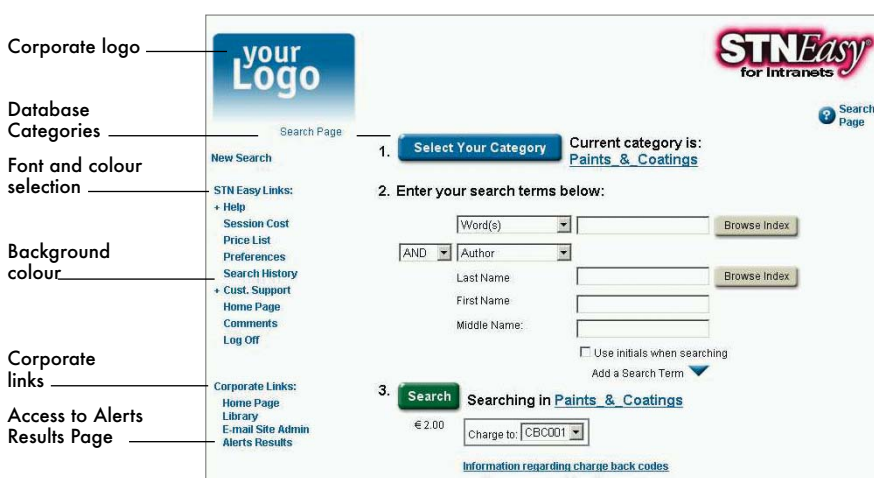

- ▶ Provides researchers access to STN Easy via a corporate intranet
- ▶ Eliminates the need for individual STN login IDs and passwords
- ▶ Offers secure searching environment
- ▶ Offers links to other applicable corporate or external web pages, as determined by the Site Administrator
- ▶ Makes Current Awareness results available on a special Alerts Results Page

Customization features

An easy to use STN Easy for Intranets Setup Assistant guides you through the customization process.

You can customize:

- ▶ Colors and fonts
- ▶ Database categories
 - Create custom database categories from the 80+ sci-tech databases available on STN Easy
 - Select existing STN Easy categories
- ▶ User preferences
- ▶ Corporate logo and links
- ▶ Alerts ResultsPage

Your STN Easy for Intranets web page, as it would appear to an end-user on your computer. Customized features are indicated.

How do I get STN Easy for Intranets?

To bring STN Easy for Intranets to your organization, you need to:

- ▶ Be designated as the IP Address Authorization Administrator and the STN Easy for Intranets Site Administrator.
- ▶ To apply for IPAA, fax the IPAA Request Form, available at <http://stneasy.fiz-karlsruhe.de/html/english/ipaa/info/ipaa2.html>

to FIZ Karlsruhe. You will be notified by e-mail when this setup process is complete.

- ▶ Log on to STN Easy and click the Setup Assistant link found on the Navigation Frame. The STN Easy for Intranets Setup Assistant walks you through the process of creating a STN Easy for Intranets page.
