

# STN<sup>®</sup> ALERTS DELIVER THE LATEST DEVELOPMENTS TO YOUR DESKTOP

With thousands of new journal articles and patents being published daily, keeping up with the **latest research and IP developments** is critical to effective decision making.

Current awareness alerts on STN automatically deliver customized updates that provide stakeholders the most current perspective, giving your organization a **decisive information advantage**.

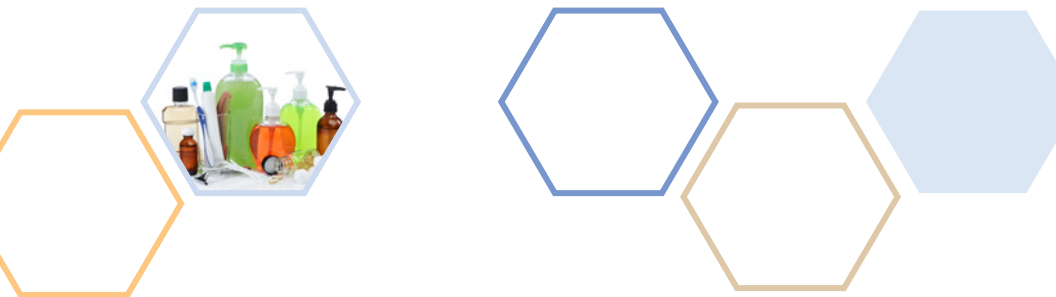

## STN provides the most complete current awareness solution

- Robust and unique content collection – provides comprehensive coverage
- Industry-leading patent timeliness – ensures you know first
- Curated content – expert indexing maximizes precision
- Precise results – save time and increase efficiency
- Proven reliability – consistently delivers the results and support you need

## With STN alerts, keeping your organization up to date is convenient and cost effective

- Receive alerts daily, weekly or monthly
- Choose e-mail or RSS delivery
- Consolidate results from multiple sources and remove duplicates
- Unlimited\* alerts are included for all STN Global Value Pricing customers

\*NOTE: All STN use is subject to the STN License Agreement, CAS Information Use Policies, and any applicable data use policies and restrictions set forth by third-party database producers. Some restrictions apply. Please see the STN Global Value Pricing Agreement for details.
